Quarter-Scale Patterns

The ready-to-print patterns on the following pages are used to create the Mini-Me dress forms shown below. The different patterns are identified by the names of the models used to make bespoke fitting shells that these Mini-Mes were developed from. The instructions for creating and using these forms are explained in the book *Fashion and Costume Design in Quarter Scale*. Several variations for the look of the forms are included.

Half Scale Patterns

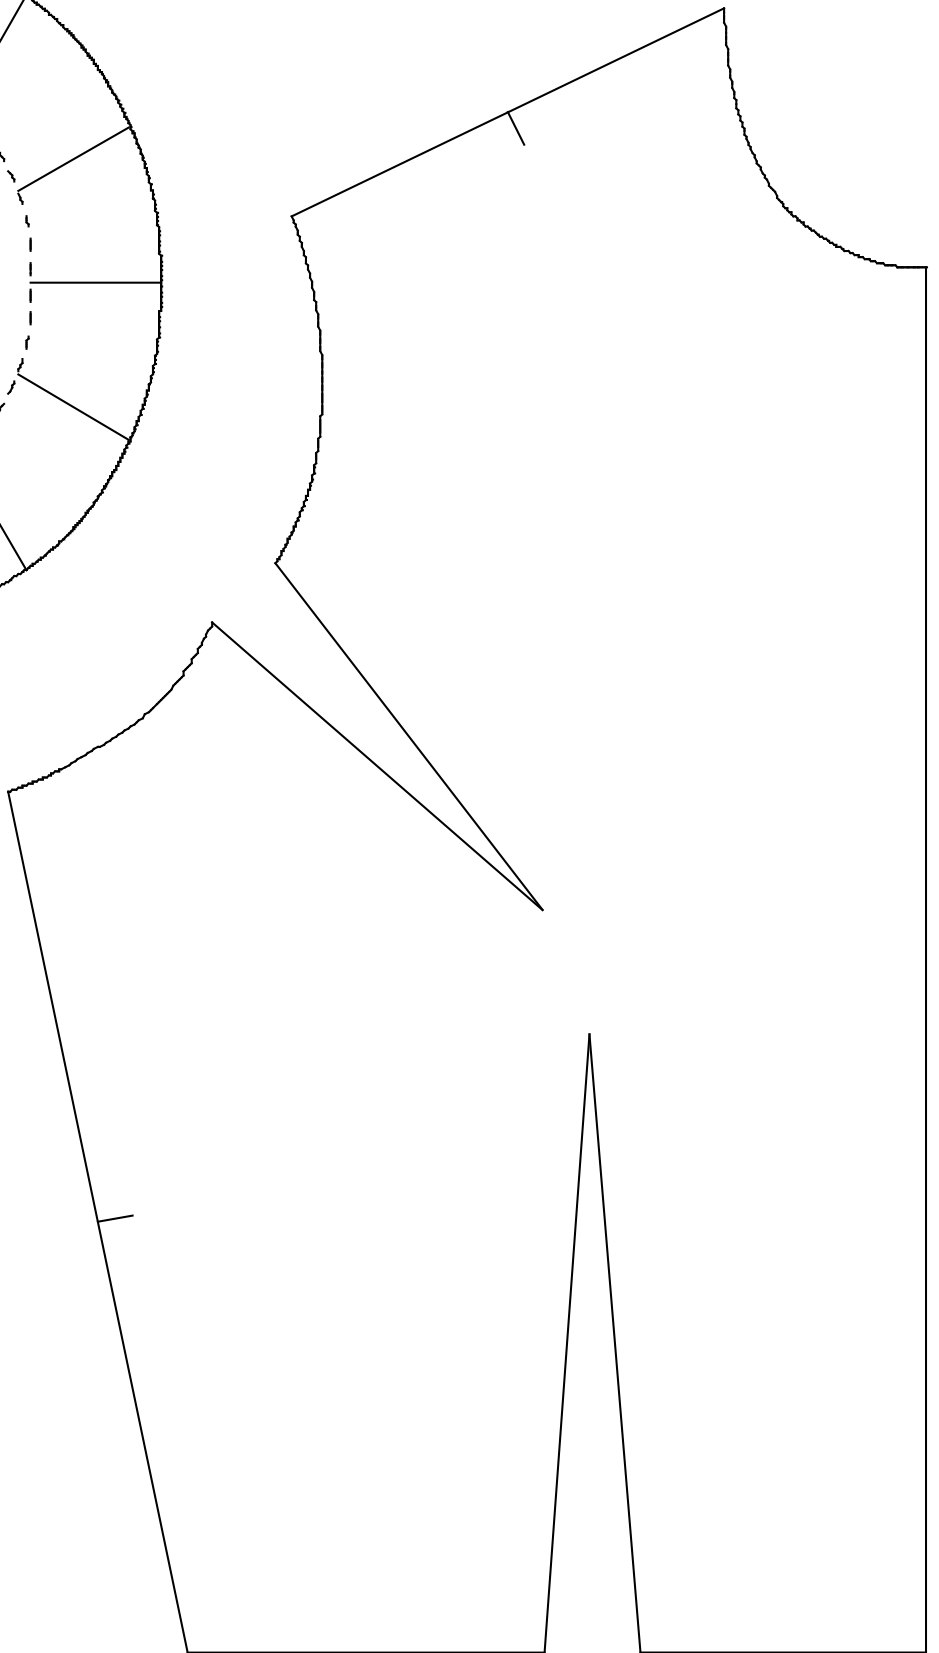

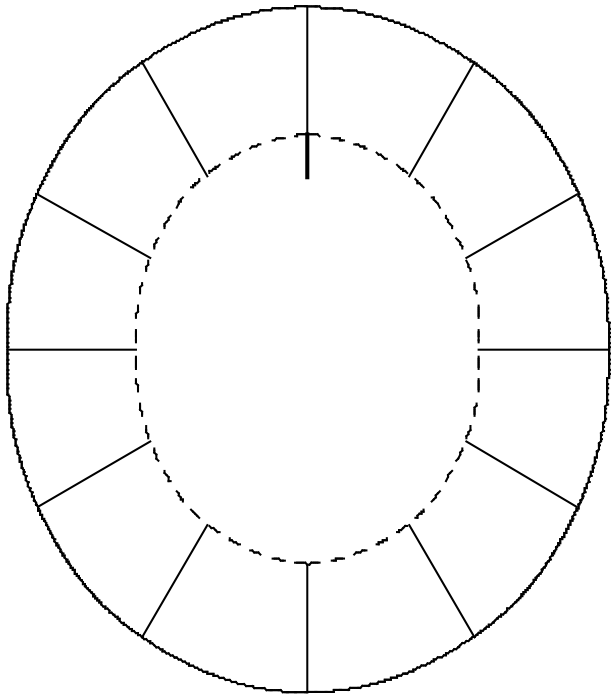

Any of the patterns on the previous pages for quarter-scale Mini-Mes can be scaled up to create half-scale Mini-Mes. However the layout on the pages needs to be different as shown in the following examples.

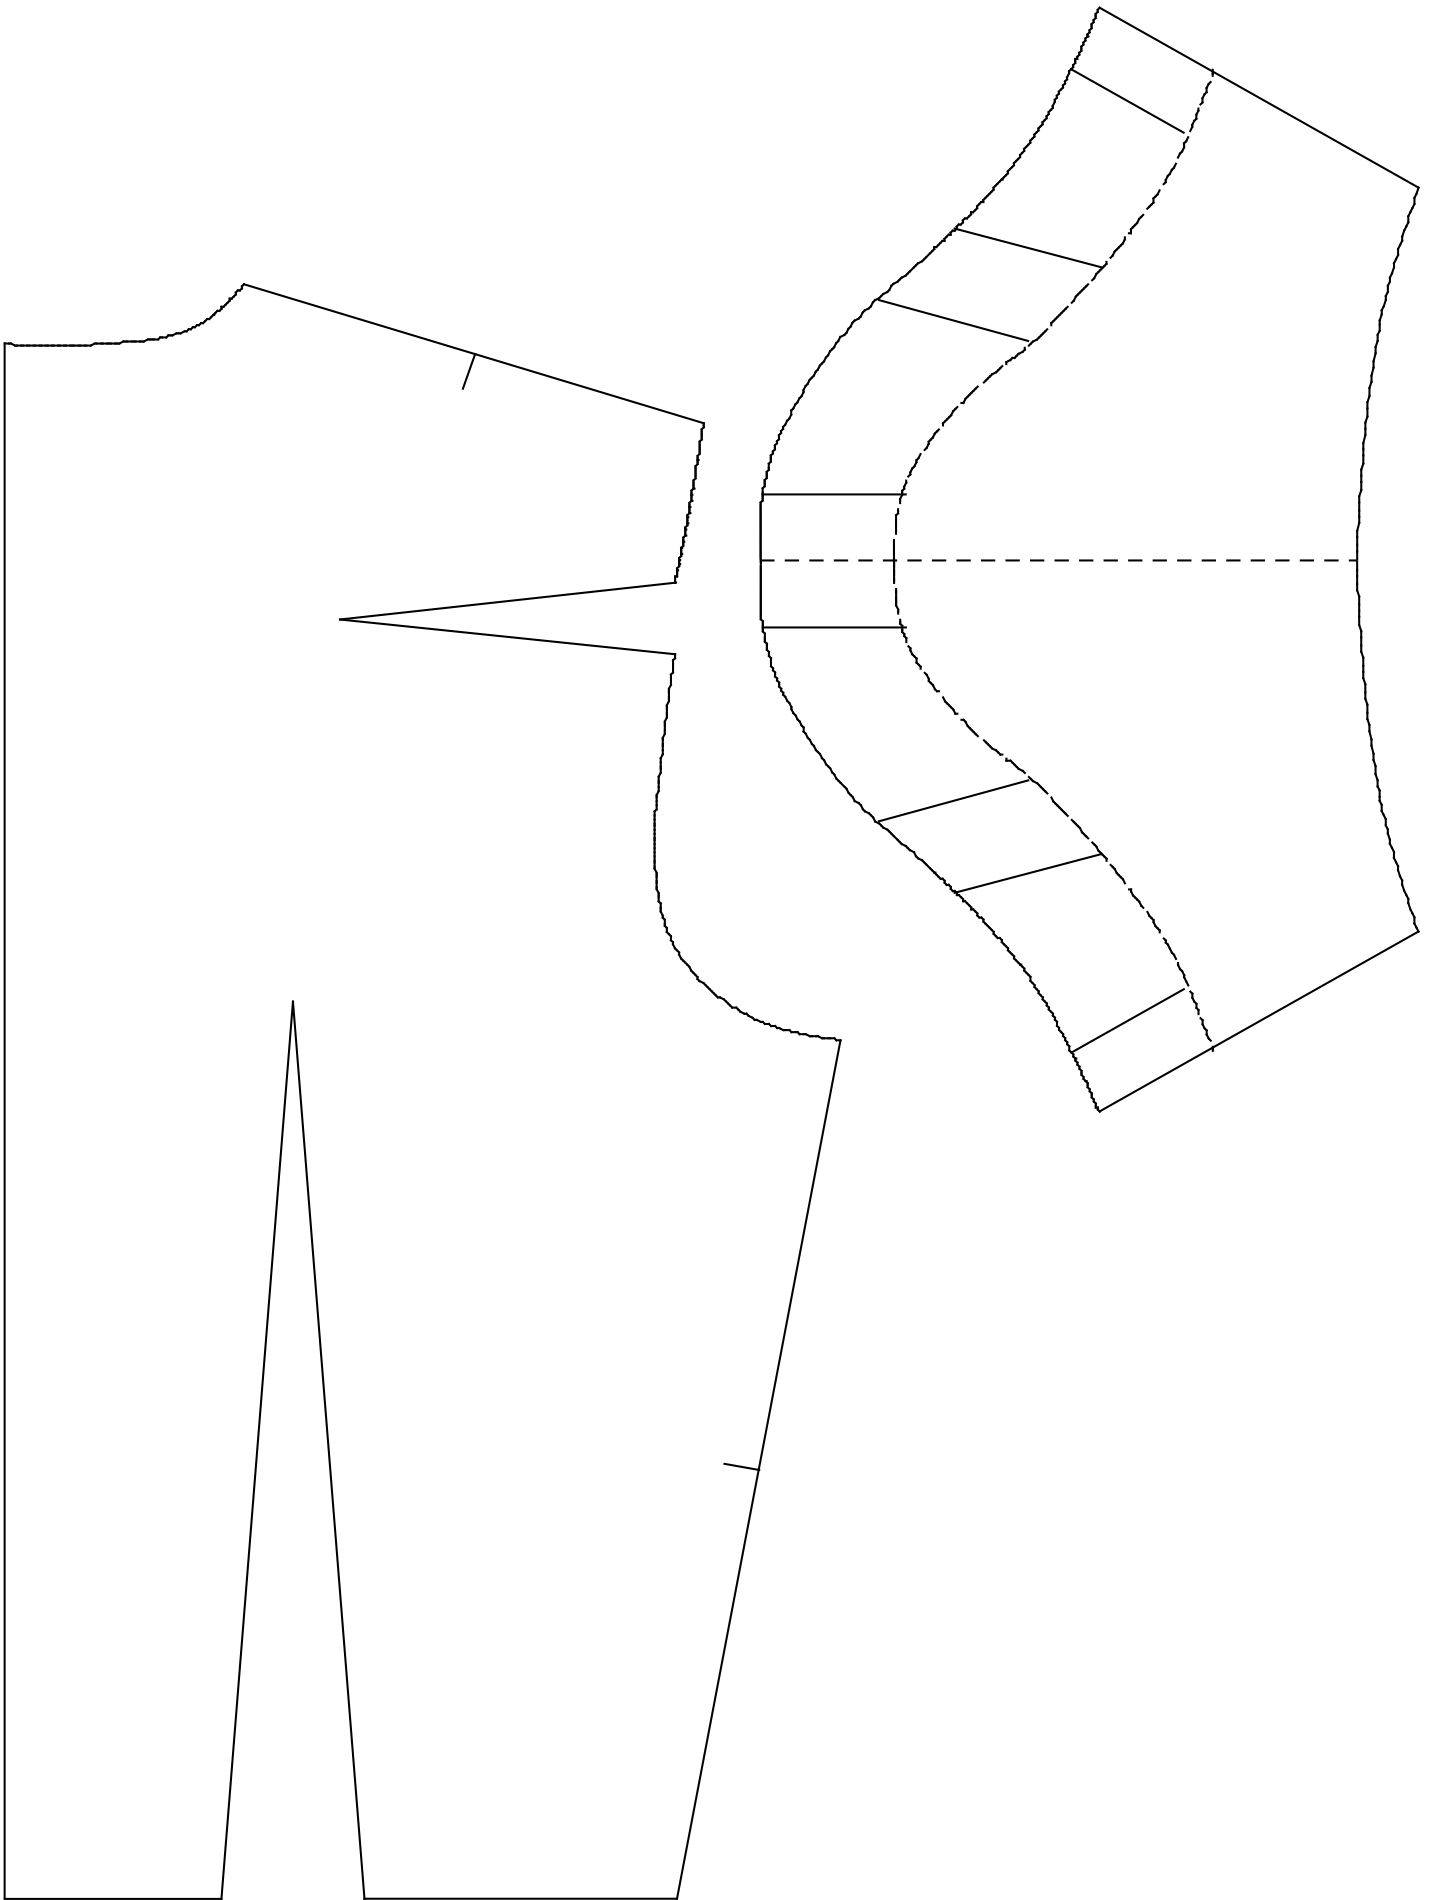

While the bra form for the half-scale Mini-Me can be made from poster board, it can also be made from fabric as described on page 189 of *Fashion & Costume Design in Quarter Scale*. This fabric bra form provides a more realistic shape of the breasts. The procedure for creating the fabric bra form can also be used to make full-scale Body Doubles as described on page 206.

Master Patterns

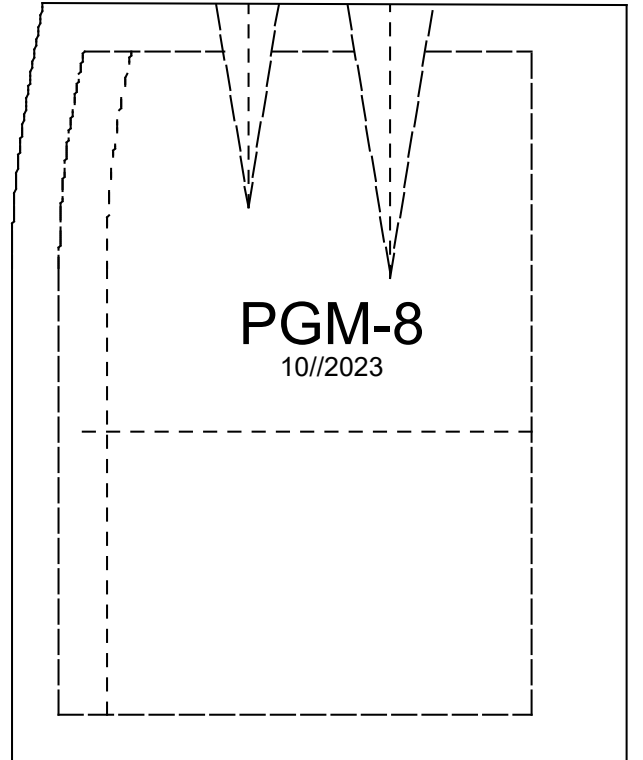

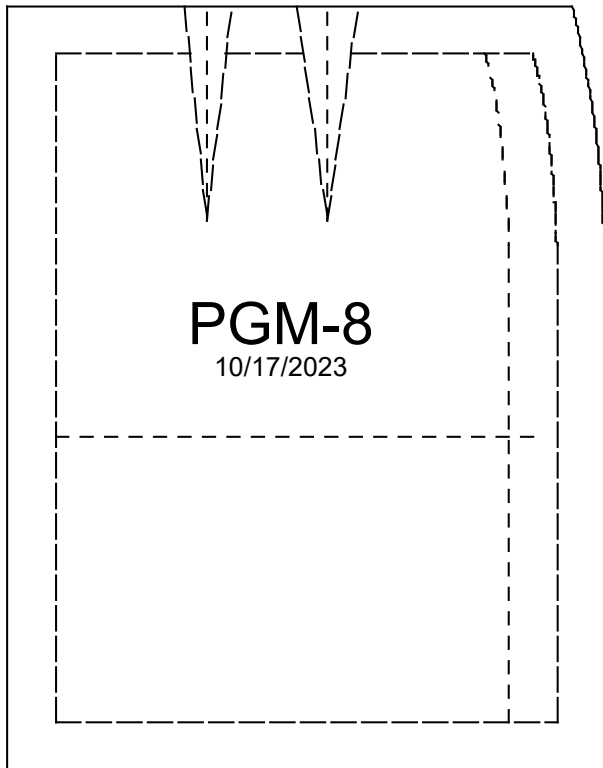

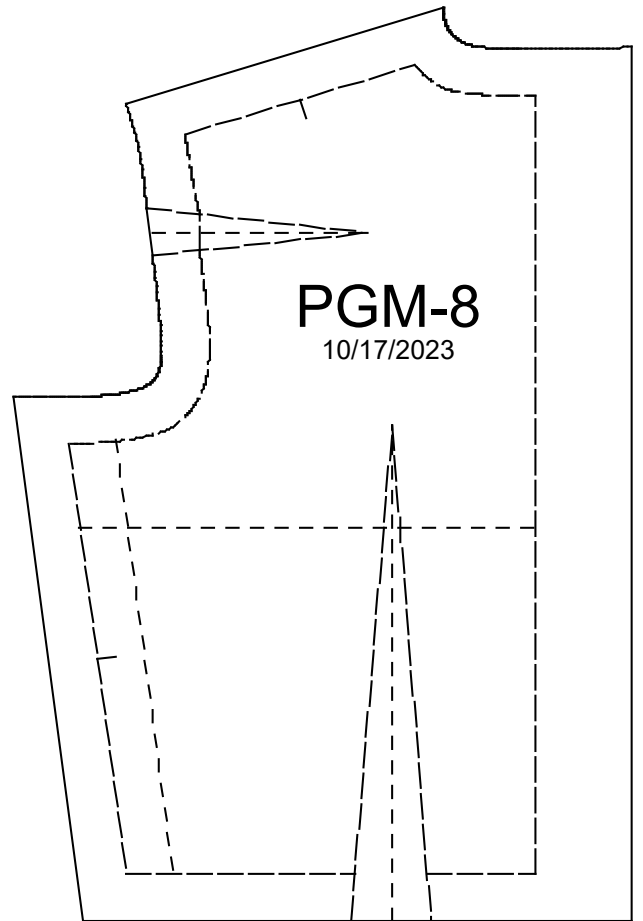

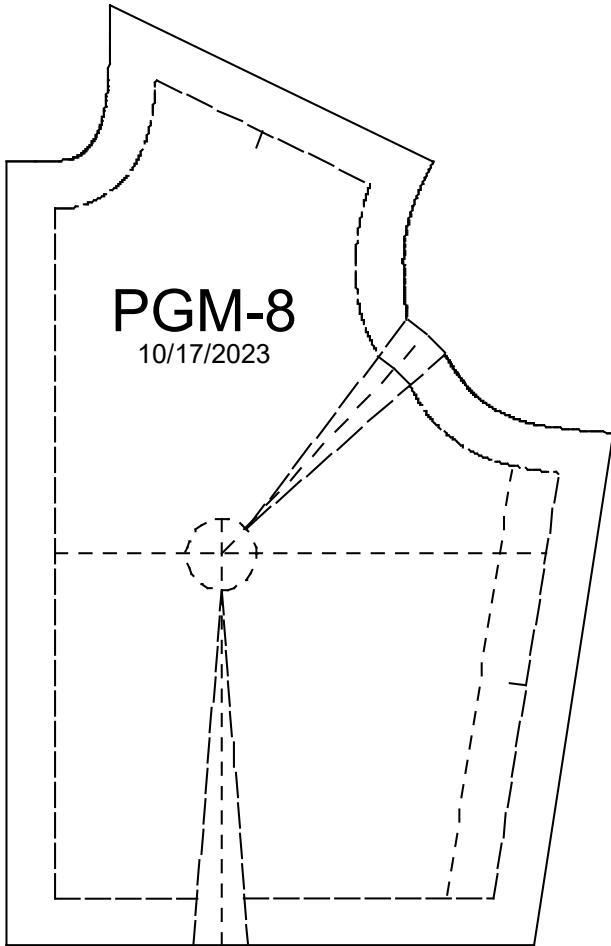

Master Patterns are the patterns used to create other designs. The patterns on the following pages are ready-to-print Master Patterns for the Mini-Mes. They can be printed on copy paper and cut out “as is” for the Fitting Shells shown below. They can also be used to create other designs as described in the books *How to Make Sewing Patterns* and *Fashion and Costume Design in Quarter Scale*.

While Master Patterns can be shown with or without seam allowances the following pages include seam allowances to distinguish these patterns from the Mini-Me patterns. These Master Patterns also indicate the necessary fitting ease that has been added.

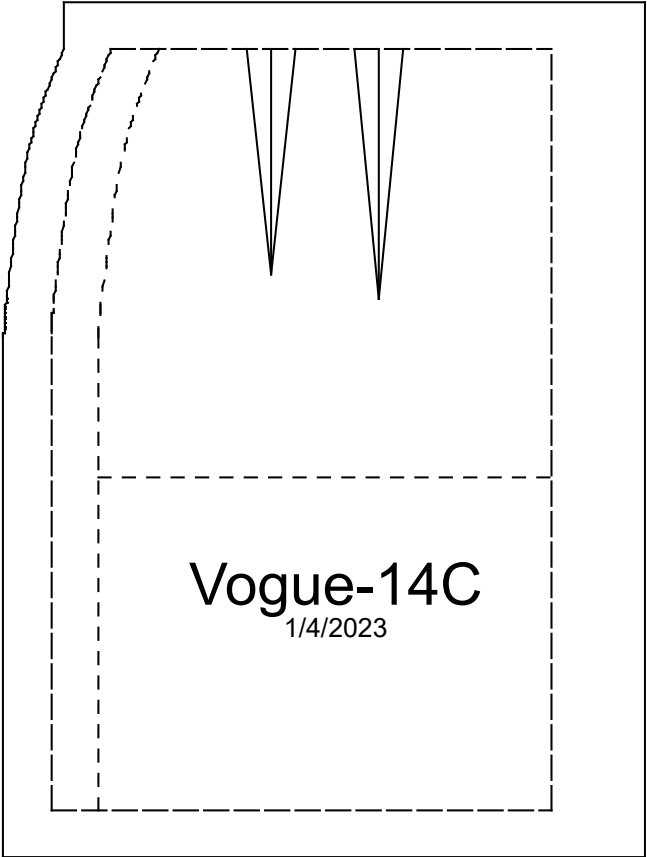

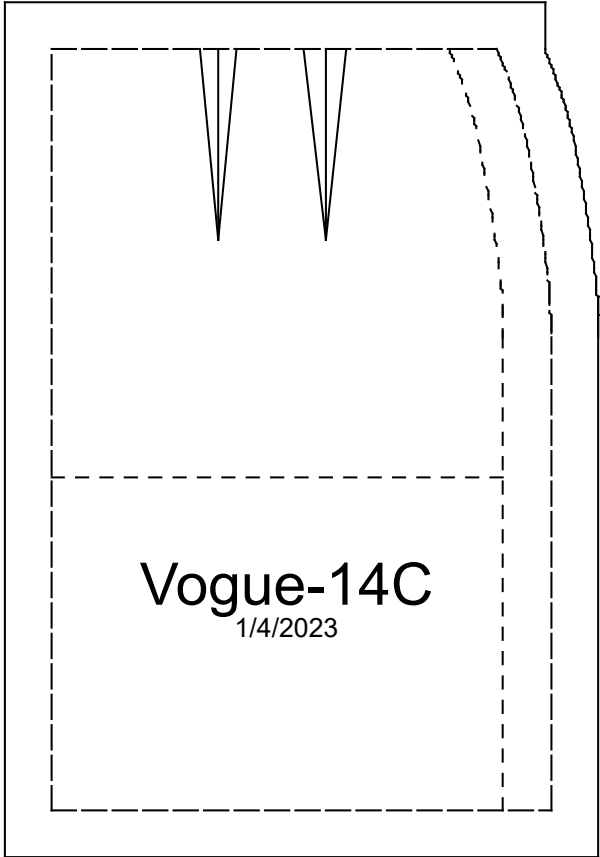

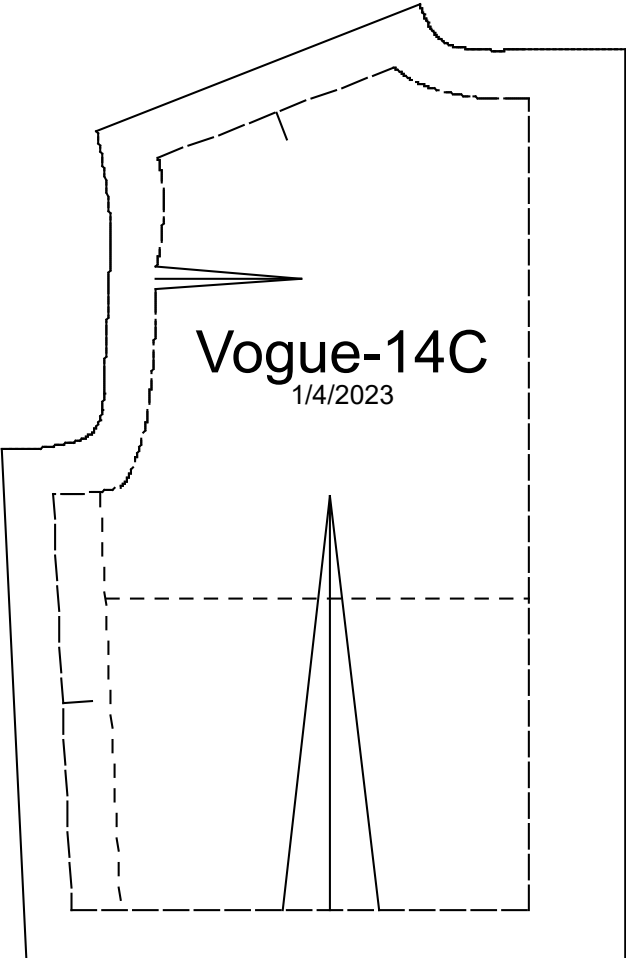

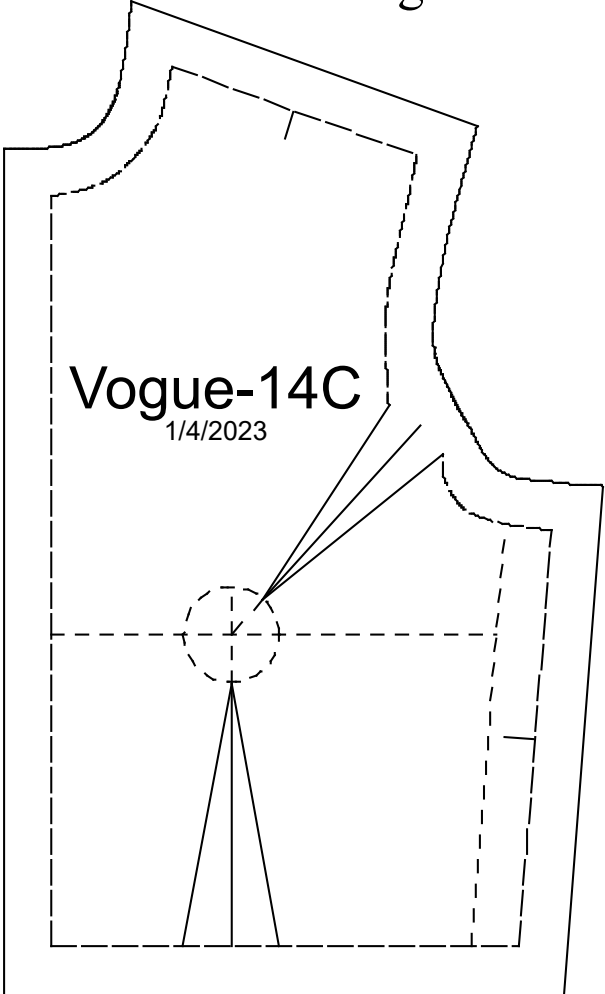

The patterns are labeled with the names that correspond to the various Mini-Mes. They are also dated. All patterns should be labeled and dated to keep a record whenever changes are made.

Quarter-Scale Photos of Alex

The photos on the next four pages are scaled to one fourth of Alex's body. They can be used to try out the process of tracing photos to create patterns. The necessary measurements are shown below.

#1	#2	#3	#4	#5	#6	#7
Center Back	Side Front	Side Back	CB/Waist to Shoulder	Chest/Bust	Waist	Hips
4"	4 $\frac{3}{8}$ "	4 $\frac{1}{4}$ "	4 $\frac{1}{2}$ "	2 $\frac{1}{4}$ "	1 $\frac{3}{4}$ "	2 $\frac{3}{8}$ "
10.2 cm	11.1 cm	10.8 cm	11.4 cm	5.7 cm	4.4 cm	6 cm
